"I'm pleased to report record second quarter revenue, a 16% increase in our digital business and 110 new stores year-to-date. During the quarter, we added our 5,000th store and are on track to add 200 new stores in 2024. I'm so appreciative of the Ace team, particularly our red-vested heroes who grace our neighborhood stores."

John Venhuizen - President and CEO, Ace Hardware Corporation
